

Hospital CUF Sintra

Sotécnica was awarded with the contract for electrical installations.

The growing demand by the users of the clinic CUF Sintra, demonstrated to the group José de Mello Saúde, the urgent need to build a hospital in this area. The Hospital CUF Sintra represents an investment of 30 million euros and 345 direct jobs and will be born in the old pharmaceutical facilities Schering, replacing the Clínica CUF Sintra. The hospital will be fully operational by 2020. However, there will be services that will be phased in, in the first half of 2018 until its full operation in 2020.

Sotécnica will carry out the works of electrical, telecommunications, security and hydraulics installation, starting its work in May and expected to finish in early 2019
