

Maintenance and Managed Services

Axians has been providing Maintenance and Managed Services to Mozambique Bank .

Axians has been providing Maintenance and Managed Services to Mozambique Bank as the privileged partner supporting Mozambique Bank's growth since its foundation.

This partnership addresses the current and immediate needs of Mozambique Bank while ensuring future developments, enabling it to achieve various IT Management maturity levels.

Our aim is to release the Bank to focus in its core business and growth strategy, ensuring high availability, stability and predictability of its IT services,

As a result of its experience in providing similar services to those proposed in the context of this partnership and deep knowledge of the ecosystem of Moza Bank, Axians is recognized by the Bank as its key partner in IT Infrastructure.
