

Sotécnica subscribed to the BCSD Charter of Principles

This Charter aims to encourage the massification of sustainable management practices.

Sotécnica – Sociedade Electrotécnica, S.A, local brand of VINCI Energies, subscribed to the BCSD Charter of Principles.

The theme of sustainability is increasingly relevant throughout the value chain and in the varied relationships established between customers, suppliers and partners. The sustainable management of enterprises is thus increasingly a factor of competitiveness that needs to be recognized and encouraged.

The Charter of Principles aims to encourage the massification of sustainable management practices based on 6 principles: Legal Compliance & Ethical Conduct; Human rights; Labor Rights; Prevention, Health and Safety; Environment and Management.
